

DESIGN YOUR OWN
 We've provided a grid
 to help you design the
 stackable unit to fit your
 needs. The grid is laid out
 in 18 inch increments.

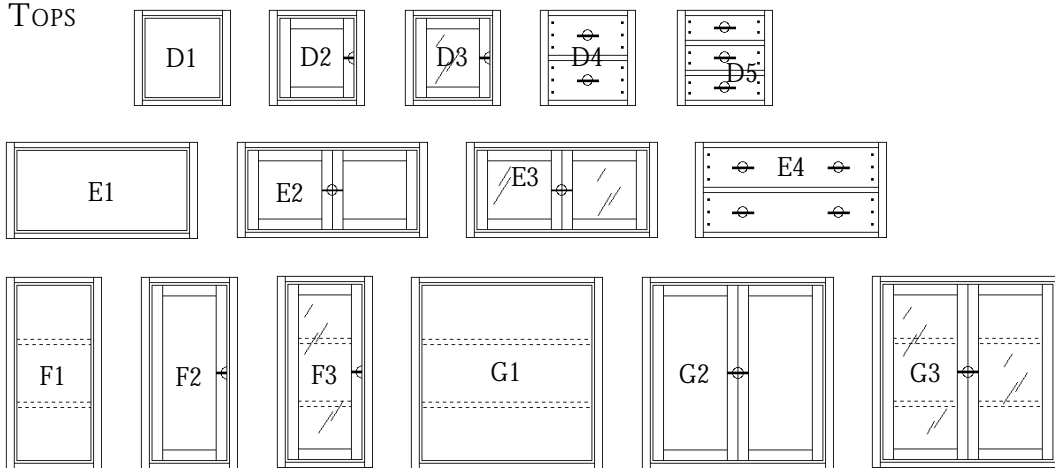

BEFORE YOU BEGIN
 Make several copies of
 this page, cut out the
 units you'd like, and paste!

When you have a design
 that fits your needs, mail
 or fax this sheet back to
 us. When we receive it,
 we will call you to discuss
 your design in detail.
